

Government of Rajasthan
Home(Gr.V)Department

No. F-9(38)Home-5/2011

Jaipur, dated : 12-06-2014

ORDER

Sub: Punitive action in water related offences.

It has come to the notice of the Government that in cases of water related offences, immediate action is not taken by the police Officers on the complaints/FIRs registered by the Water Resources Department. Such complaints/FIRs are mostly related to theft of water from the source or the distribution network of the department, deliberate breach of canals/irrigation tanks damage to the structures/properties of the Department and causing obstructions in supply of water.

It has also been observed that in some cases offences were repeated at the same locations because punitive action against the offenders was not taken in the complaints/FIRs registered in the matter. The disruption in regular supply of water while causing hardship to the farmers and local people, also leads to law & order problems at times.

In view of the above, it is directed that all offences where complaints/FIRs have been registered by the Water Resources Department in the Police Stations shall be taken up on priority for investigation and subsequent punitive action against the offenders under the ambit of law. All the District Superintendents of Police/DCPs shall personally review and monitor such cases to bring them to a final result.

(Sunil Arora) 11.6.2014
