Instances have come to light where residents of the State have participated in social gatherings like marriages etc. in the neighbouring States, got infected with COVID-19 and have, in turn, infected many of their contacts, too.

Keeping in view the effective steps taken by the State Government to date, for preventing the spread of COVID-19, and in the interest of public safety, it has become necessary to regulate the inter-State movement of persons. Accordingly, the following directions are hereby issued that shall remain effective until further orders:

Entry of persons from outside the State shall be regulated as follows:
